Vocabulary

Spelling

Definition

Shading	The darkening or colouring of an illustration or diagram with parallel lines or a block of colour
Tone	The quality of brightness, deepness, or hue of a shade of a colour
Texture	The quality of the surface of a work of art.
Hatching	The shading with closely drawn parallel lines.
Cross hatching	The shade with intersecting sets of parallel lines

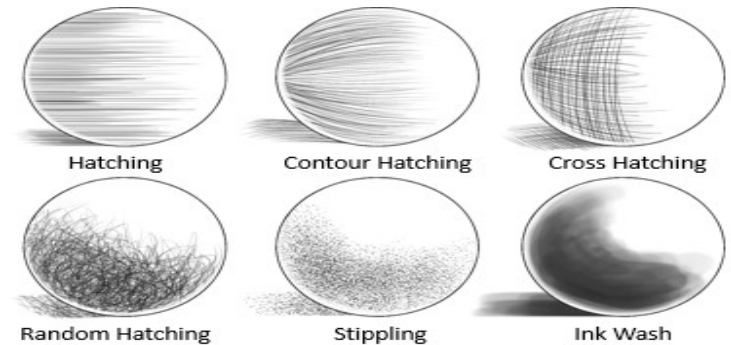

Skills and techniques

- Reflect, analyse and critical evaluate the work of others
- Take inspiration from artwork by William Morris
- Make precise repeated patterns
- Sketch lightly (no need to use a rubber to correct mistakes).
- Use shading to show light and shadow.
- Sketch using different harnesses of pencils to show line, tone and texture
- Replicate some techniques used by William Morris
- Create original pieces that are influenced by studies of others.
- Use hatching and cross hatching to show tone and texture.

Summer One TAKING INSPIRATION FROM THE GREATS- WILLIAM MORRIS.

Drawing texture using line and tone

Agreed outcome:

To understand why William Morris is famous for his artistic work and to replicate some of the designs and techniques used by him. To then create an original piece which showcases both drawing techniques and then to use the same design to create an image which replicates similar muted colours which William Morris used.

Why is William Morris famous?

William Morris is very famous for his wallpaper designs. He created some beautiful designs, the likes of which had never been used before. In fact, wallpaper before his day was quite plain. The Victorian era was the era of industrialisation; factories were being built in the cities in Britain. People flocked to the cities to work in/ manage factories. As a result, people began to miss the countryside and wanted this in their home.
